

BEFORE YOU START

Click the **SETUP** button on the left:

- To select the topic.
- To set the time in seconds for which the word should pop up.
- To select the problem statement.
- To upload new problem statements on the server.

After the setup...

Click the **START** button:

- To start the recognition.
- You will see the words recognized pop up on the top right.

Click the **STOP** button:

- To stop the recognition.
